Payment Solutions for Education

Working in a school finance office or a university bursar's office in early September can be like working for the IRS in mid-April. During this chaotic time, administrators are not only collecting and disbursing hundreds of thousands of dollars, but they are also responding to a myriad of customer service complaints, reconciling incorrect student mailing addresses and lost checks, and paying top dollar for postage, check processing and credit card fees.

Velocity for Education is built to streamline many of the payment challenges facing education institutions, by understanding the best practices required to meet and exceed the complexities of education revenue management.
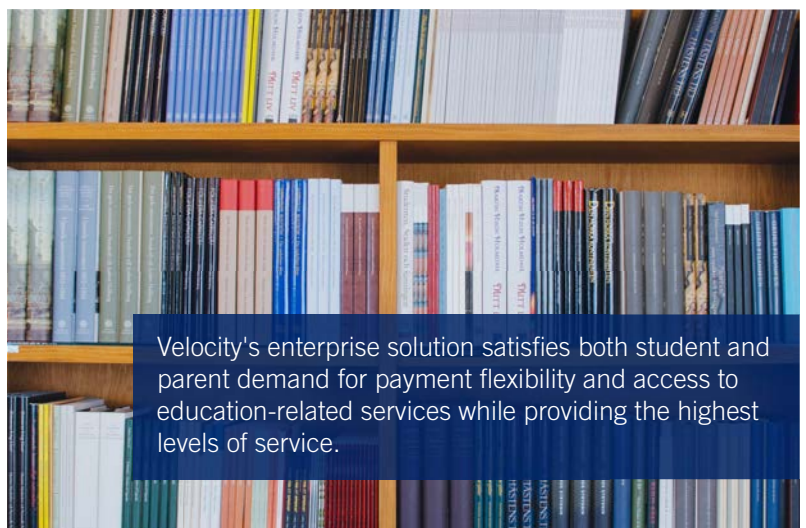

Easy Back-office Integration

Velocity solutions are rapidly deployable and integrate effortlessly with existing ERM, NR and accounting systems. Velocity for Education provides turnkey implementations, training, installation, consulting and technical support combined with 24-hour customer support. Velocity's fully-hosted solution reduces your technical support and infrastructure costs while maintaining the highest level of specialized support available.

Flexible Payment Options

Velocity for Education's flexibility handles any payment in any education environment. From K - 12 institutions, to distributed institutional universities to online degree programs, Velocity's product solutions provide the full range of payment options for any form of collection.

Benefits

Expand Payment Options
Improve Reporting
Reduce Transaction Costs
Enhance Revenue Cycle
Improve Collections
Integrate with Back-Office Systems

Velocity's enterprise solution satisfies both student and parent demand for payment flexibility and access to education-related services while providing the highest levels of service.
